Planning Group Meeting

September 10, 2015
Lubbock, Texas

DBS&A
Daniel B. Stephens & Associates, Inc.

High Plains
Underground Water
Conservation District

Espey

PARKHILL SMITH & COOPER

Agenda Item 10 - IPP Comments

- Reevaluated needs/surplus and adjusted supplies to minimize needs/surplus for all WUGs with focus on municipal needs (handout)
- Added additional water management strategies to ensure no unmet municipal needs after implementation of recommended WMS (handout)

Agenda Item 10 - IPP Comments

- Developed an impact matrix for quantitative evaluation of the water management strategies (handout)
 - Acres impacted
 - Threatened and endangered species
 - Instream flows
 - Agricultural resources
 - Playa wetlands
 - Springs
 - Cultural sites

Agenda Item 10 - IPP Comments

- We propose to designate some of the strategies included in the Task 4D scope as no longer potentially feasible (handout)
- Some of the items will be included in the plan as best management practices

Agenda Item 10 - IPP Comments

- Responses to public comments prepared for review and incorporation into the final plan (handouts)
 - Texas Parks and Wildlife Department (TPWD)
 - Dr. Judy Reeves
 - J. Collier Adams
